Dear contact of LSI,

This is to inform you that the General Assembly of the International La Strada Association (La Strada International), the European NGO network against trafficking in human beings, has decided to freeze the membership of La Strada Bosnia Herzegovina for a period of two years, as from May 1, 2010.

This decision was taken at the 11th General Assembly meeting in Barcelona, Spain. La Strada Bosnia Herzegovina is offered a period of two years to improve its organisational structure and cooperation with the network.

We would like to inform you that this new frozen status means that La Strada Bosnia Herzegovina is currently no full member of the network and does not have the right to participate in the LS General Assembly (meetings) or to be officially represented by the LS network/secretariat. The organisation itself can also not represent La Strada International or act on its behalf.

La Strada Bosnia Herzegovina however will still have access to all publicly available information of La Strada International and its members and is asked to remain in contact. The organisation can continue its cooperation with the LSI secretariat and the members as partner. The organisation will also continue its national work and projects.

Might you have further questions you can contact the LSI secretariat,

On behalf of the LSI Assembly and board,
